

**EMPLOYEE
ASSISTANCE
PROGRAM
DEC. 2017**

A multicultural workplace brings together a variety of ethnicities, races, religions, genders, and abilities. Organizations that address the challenges and embrace the positive impacts of multiculturalism are more likely to succeed and grow. By taking advantage of the wide variety of viewpoints that multiculturalism provides, organizations make room for more thoughtful decision making, innovation, and creative thought. Your Employee Assistance Program can provide guidance, information, and resources to help you embrace the multicultural workplace.
